KOBB STA -- BSTA - 20200409AAJ (01529504xB3D1E).pdf;

Hi Jerry,

The KOBB STA facilities will be the same as specified in the previous STA (BSTA-20200409AAJ):

Geographic coordinates 45° 39' 26" N, 110° 48' 22" W (NAD 1927)

Frequency 1230 KHz

Hours of operation Unlimited

Operating power 47 watts

Antenna type 200 feet (60.96 m) of #6 copper wire

For convenience, a copy of the last STA letter is attached. Do I need to resubmit the KOBB (AM) STA request or can you work with the pending request (BSTA-20210419AAJ), which specified the wrong parameters?

Best regards,
Matt McCormick

Subject: KOBB(AM) (BSTA-20210419AAJ)

Matt,

Looks like KOBB(AM) needs to resume broadcast operations by 12:01 a.m. May 26, 2021. Have you received any information on what facilities the station will be proposing? I know you still have about 2 weeks but was curious and would like to get this pending request processed.

Jerry
