Subject: William C. Doerner Filings for Corpus Christi, TX Market 111
Date: Tuesday, January 22, 2013 10:18:27 PM

Greetings, FCC FOLKS.

I, William Doerner, wish to declare the following

I wish to pursue Application BNPFT-20030312BGM, 105.1 Aransas Pass TX. Above all other translator applications, I wish to pursue this application. 105.1 does NOT preclude any LPFM channels and there are several LPFM channels available at the currently requested translator site.

Based on the existing criteria, I also wish to dismiss the following applications.

BNPFT-20030312BGQ 93.1 Aransas Pass. Based on existing LPFM rules, this application is NOT grantable. If this is correct, I would request this application be dismissed.

BNPFT-20030312BGB 99.5 Corpus Christi Based on existing LPFM rules, this application is NOT grantable. If this is correct, I would request this application be dismissed.

BNPFT-20030312BFV 97.1 Corpus Christi. Based on existing LPFM rules, this application is NOT grantable. If this is correct, I would request this application be dismissed.

If all aspects of this email are processed, this SHOULD leave me with a single application in Aransas Pass which is MX with BNPFT-20030317AFF. We will try to settle or go to auction…

A response that you have received this would be appreciated.

Bill Doerner
Corpus Christi, TX
