Mr. Bickel,

Good morning.

On April 22, 2015, the FCC granted BSTA-20150420AAH for KQXI/Granite Falls WA to operate below its licensed ERP following transmitter damage sustained from a lightning strike.

As requested in the STA, we are notifying the Commission that licensed operation was restored yesterday, May 26, 2015.

If there are any questions, or if it is preferred that we use a different method or filing to notify the Commission, please let us know. Thank you.
