Gary Graham
Technical Consultant and Chief Engineer
Roy E. Henderson Broadcasting

Dear Mr. Graham,

It has come to my attention that there exists a possibility of having a local radio station move to Smithville. This is a very exciting prospect. Smithville has a lot going on and could benefit greatly by having a local radio station.

A local station can provide our citizens with local news, upcoming events, school and governmental activities. The station can also provide information to people who are passing through on Highways 95 and 71. It can give a voice to our local merchants who are trying to build their businesses.

Please let me know what I can do to help make this a reality. You may reach me at (512) 237-3282, ext. 2169. I look forward to hearing from you.

Sincerely,

A handwritten signature in cursive script, appearing to read "Tex Middlebrook".

Tex Middlebrook
