

MULTIPLE OWNERSHIP SHOWING

With this application, NYFMEAT LLC (“NYFMEAT”) proposes to acquire the FCC licenses for radio station WRXP(FM), Facility Id. No. 67846, New York, New York (“WRXP”), from Merlin Media License, LLC. The members of NYFMEAT are TVPEAT, Inc. (“TVPEAT”) and CBS Radio Inc. (“CBS Radio”).

Neither TVPEAT nor any person that holds an attributable interest in WRXP through TVPEAT as a result of this transaction holds an attributable interest in any other full power broadcast radio or TV station.¹

CBS Radio, however, is an indirect wholly owned subsidiary of CBS Corporation (“CBS”). As demonstrated below, CBS’s acquisition of a controlling interest in WRXP complies with the Commission’s multiple ownership rules.

I. Local Radio Ownership Rule

The acquisition of WRXP will result in CBS controlling seven radio stations – three AM stations and four FM stations – in the New York Metro, as defined below. This combination is permitted under the local radio ownership rule because the limit in the New York Metro is eight stations, no more than five of which may be AM or FM.

Section 73.3555(a) of the FCC’s Rules provides that in a radio market with 45 or more full-power, commercial and noncommercial radio stations, a single entity may not have a cognizable interest in more than eight commercial radio stations in total and not more than five commercial stations in the same service (AM or FM). The Commission defines the relevant market to be the “Arbitron Metro,” in those markets so designated by Arbitron. *See 2002 Biennial Regulatory Review – Review of the Commission’s Broadcast Ownership Rules and Other Rules Adopted Pursuant to Section 202 of the Telecommunications Act of 1996*, 18 FCC Rcd 13620, 13712-13 (2003).

For purposes of the local radio ownership rule, WRXP is located in the New York, New York Arbitron Metro (the “New York Metro”). As shown on the attached BIA FCC Geographic Market Definition Report, there are 152 full-power commercial and noncommercial stations in the New York Metro. Therefore, the common ownership of eight radio stations, no more than five in the same service, is permitted in the New York Metro.

¹ TVPEAT is the managing member and holds 100% of the equity of each of Cox Television Jacksonville, LLC and Cox Television Tulsa, LLC, which have applications pending before the FCC to acquire station WAWS, Jacksonville, Florida (FCC File No. BALCDT-20120907AEB), and stations KOKI-TV, Tulsa, Oklahoma, and KMTY-TV, Tulsa, Oklahoma (FCC File No. BALCDT-20120907ADZ). TVPEAT’s acquisition of an interest in these stations will not impact the multiple ownership showing set forth in this exhibit because none of these stations is located in the New York City area.

CBS currently controls the following six radio stations in the New York Metro:

Station	Facility ID No.	Community of License
WCBS(AM)	9636	New York, New York
WCBS-FM	9611	New York, New York
WFAN(AM)	28617	New York, New York
WINS(AM)	25451	New York, New York
WWFS(FM)	25442	New York, New York
WXRK(FM)	58579	New York, New York

Grant of this application would result in CBS controlling seven radio stations – three AM and four FM – in the New York Metro. As explained above, the common ownership of eight radio stations, no more than five in the same service, is permitted in the New York Metro. Therefore, CBS’s acquisition of a controlling interest in WRXP complies fully with the FCC’s local radio ownership rule.

II. Radio-Television Cross-Ownership Rule

As discussed in Section I above, the FCC’s approval of the proposed transaction would result in CBS controlling seven radio stations in the New York Metro. In addition, CBS currently controls two television stations in the New York Metro – WCBS-TV, New York, New York (Facility ID No. 9610) and WLNY-TV, Riverhead, New York (Facility ID No. 73206).

The combination will comply with the Commission’s radio-television cross-ownership rule. Pursuant to that rule, CBS will be deemed to control only one television station and seven radio stations. This is because, as discussed in greater detail below, the noise-limited DTV contour of WLNY-TV, whose transmitter is located in a distant corner of the New York Metro – on Long Island, some 50+ miles from the center of New York City – does not entirely encompass New York City, the city of license for all seven radio stations. Additionally, the relevant contours for all seven radio stations do not entirely encompass Riverhead, New York, the city of license for WLNY-TV.

The radio-television cross-ownership rule, Section 73.3555(c), is triggered only in cases where there is the following signal encompassment:

- an FM station’s 60 dB μ (1 mV/m) contour encompasses the entire community of license of a commonly owned TV broadcast station; or
- an AM station’s 2 mV/m contour encompasses the entire community of license of a commonly owned TV broadcast station; or
- a TV broadcast station’s Grade A contour encompasses the entire community of a commonly owned radio station. Although the FCC Rules are silent regarding digital television service contours with respect to cross ownership, it is understood

that the noise-limited DTV service contour (36 dB μ F(50,90)) is temporarily being utilized for this purpose. *See Letter to Stephen Diaz Gavin, Esq., 25 FCC Rcd 1851 (2010).*

If the radio-television cross-ownership rule is triggered, then an entity may control one television station and seven radio stations (to the extent permitted by the local radio multiple ownership rule) in an Arbitron Metro containing at least 20 independently owned and operated media “voices,” if the common ownership of two commercial television stations by that entity is permitted under the local television ownership rule. Because, as shown in Table A, the New York Metro would have at least 20 independently owned radio voices alone following the proposed acquisition of WRXP, and common ownership of two television stations is consistent with the local television ownership rule, a one television/seven radio station combination is permissible here.

As shown on the attached map, the relevant contour for each of the seven radio stations encompasses all of New York City, the city of license for WCBS-TV. None of those radio stations’ contours, however, encompasses all of Riverhead, New York, the city of license for WLNY-TV. As also shown on the attached map, the noise-limited DTV contour of WLNY-TV does not encompass all of New York City. Therefore, the radio-television cross-ownership rule is only triggered with respect to WCBS-TV, not WLNY-TV. As noted in Exhibit 17 to the application for consent to CBS’s acquisition of WLNY-TV (FCC File No. BALCDT-20111220AFS), CBS’s interest in WLNY-TV does not preclude CBS from acquiring an interest in an additional radio station in the New York Metro.

In summary, for purposes of the radio-television cross-ownership rule, CBS’s proposed radio and television station holdings in the New York Metro following the acquisition of a controlling interest in WRXP would be deemed to be:

- WCBS-TV, WCBS(AM), WCBS-FM, WFAN(AM), WINS(AM), WWFS(FM), WXRK(FM), and WRXP(FM) – one television station and seven radio stations – all licensed to New York, New York.

CBS’s control of this combination, and therefore CBS’s acquisition of a controlling interest in WRXP, complies with the FCC’s radio-television cross-ownership rule.
