Re: KRSF (FM), Ridgecrest, CA
Radio 74 Internationale
Facility Identification Number: 175757
Special Temporary Authority
BESTA-20151204AEI

Dear Licensee:

This is in reference to the request filed on December 4, 2015 for Radio 74 Internationale ("R74I"). R74I requests an extension of the June 9, 2015 special temporary authority ("STA") to operate Station KRSF with temporary facilities. R74I explains that it is working on a construction permit application that it expects will be filed soon.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

We find that R74I is making progress toward a permanent solution. Accordingly, the request for STA extension IS HEREBY GRANTED. Station KRSF may continue to operate with the following facilities:

Geographic coordinates:	35° 35' 57.5" N, 117° 37' 37.5" W (NAD 1927)
Channel	207 (89.3 MHz)
Effective radiated power:	0.25 kilowatt (H&V only)
Antenna height:	
above ground:	10 meters
above mean sea level:	752 meters
above average terrain:	-48 meters

R74I must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on June 13, 2016.

Sincerely,

A handwritten signature in black ink that reads "Dale Bickel". The signature is written in a cursive style with a large, looped "D" and "B".

Dale Bickel
