Re: United Broadcasting Co., Inc.
KTKK(AM), Sandy, Utah
Facility Identification Number: 14890
File Number: BP-20130701AAQ
File Number: BP-20140623AAZ

Dear Mr. Perry:

This is in reference to the above-captioned applications to change the community of license of KTKK(AM) from Sandy, Utah to Kearns, Utah, reduce the daytime and nighttime power, and change the directional antenna radiation patterns.

We find that the application BP-20140623AAZ is a duplicate of the application BP-20130701AAQ. Consequently, pursuant to Section 73.3518 of the Commission's rules, the application BP-20130701AAQ is hereby DISMISSED as being an inconsistent and conflicting application.

A preliminary review of the application BP-20140623AAZ reveals the following deficiencies:

1. The proposed towers have not been registered. Please provide the antenna structure registration numbers as an amendment to your application.
2. A site plat showing the boundary lines and the ground system was not provided. The plat must show a scale, the number and the length of the ground radials and the spacing and orientation of each element in the array with respect to north.
3. The antenna sketch did not show the insulator, the physical height of the radiating element, the overall height, and the ground elevation above mean sea level.

Accordingly, further action on the subject application will be withheld for thirty (30) days from the date of this letter in order to provide an opportunity for United Broadcasting Co., Inc. to file a curative amendment. The amendment must be submitted in the same manner as the original

application. Failure to respond or file an amendment within this time period will result in the dismissal of the application pursuant to Section 73.3568 of the rules.

Sincerely,

A handwritten signature in black ink, appearing to read 'Son Nguyen', with a stylized, cursive script.

Son Nguyen
