

### Engineering/Installation Declaration

I Brian Windom, of Michigan Tower Service certify the following:

I have been retained by Darby Advertising Inc. licensee of WUPN – FM Paradise, Michigan Construction Permit FCC file number BMPH20110124ABU and Facility ID number 170940 as granted by the Federal Communications Commission to install it's Dielectric FM Directional Antenna System.

I am familiar with the terms of the WUPN-FM Construction permit and certify that I have installed and overseen the installation of the WUPN-directional antenna and that the installation was completed to the manufacturer's installation instructions.

Michigan Tower Service is a full service tower service company. We install and service towers, antennas, lighting systems, etc...
