Facility I.D. No. 48413

Dear Licensee:

This is with respect to the October 24, 2012 *Order to Show Cause* released by the Video Division.[1] The *Order* instructed Convergence Entertainment and Communications, LLC ("Convergence") to show cause why its authorization for Class A television station W17CI should not be modified to a low power television station, citing Convergence's failure to respond to two letters of inquiry concerning late-filed Children's Television Programming Reports.

On December 13, 2012, Convergence timely responded to the *Order to Show Cause*. We find that Convergence responded adequately to staff concerns regarding its failure to respond to the two previous letters of inquiry. We further find that Convergence's admitted failure to timely file its Children's Television Programming Reports was addressed in a *Notice of Apparent Liability for Forfeiture* issued on July 18, 2013,[2] and that modification of station W17CI's license pursuant to Section 316(a) of the Act would not be in the public interest.

ACCORDINGLY, the *Order to Show Cause* proceeding **IS TERMINATED**.

Sincerely,

Barbara A. Kreisman
Chief, Video Division
Media Bureau
