303 CHURCH ST.  
MADISON, AL. 35758

CONTRACT BROADCAST ENGINEER

PREPARED FOR WLRH, HUNTSVILLE, AL.

9 September 2012

This states the transmission system for WLRH, 89.3 mhz., Huntsville was constructed per the Construction Permit number BPED-20090921ACS.

The Dielectric antenna was mounted per instructions on the same Construction Permit on the WHIQ tower, ASR 1036423, to 180 degrees true for a directional antenna as described in the Construction Permit. This was determined by a licensed surveyor, statement included with application.

Yours truly,

A handwritten signature in black ink that reads "Carl Sampieri". The signature is written in a cursive, slightly slanted style.

-Carl Sampieri, dba Sampieri Radio Company.
