<sup>1</sup> The Class A common stock of CMI, which includes voting rights, is publicly-traded and is held by, among others, various investment companies, insurance companies, or other institutional investors. To CMI's knowledge, all of these institutional investors hold less than 20% of CMI's Class A common stock, and none of them has any influence, either directly or indirectly, over the management or operation of CMI or its subsidiaries. All of the Class C common stock of CMI, which is not publicly traded, is held by Lewis W. Dickey, Jr. Each share of Class C common stock has ten (10) votes.

<sup>2</sup> Unless otherwise indicated in this exhibit, this column sets forth information with respect to equity holdings only and does not include debt. The amount of CMI's outstanding debt constantly fluctuates. No party providing debt financing to CMI (or any party under common control with a debt provider) holds an attributable interest in CMI or any party under common control with CMI. Consequently, providing information as to debt holdings would have no bearing on the identification of parties with attributable interests in CMI. To the extent such information relating to debt were included, it would merely reduce the percentages of certain parties in this column in the total enterprise value of CMI.
