

AGREEMENT RE AUCTION 1001 APPLICATION

The following memorializes an agreement made on January 7, 2016, by and between John M. Dunn ("Dunn") on the one hand, and Kathy D. Jagielski, Heather D. Neimeier, and Holly D. Pendleton ("Transferees"), on the other hand, regarding participation by Three Sisters Broadcasting, LLC ("Three Sisters") in the reverse spectrum auction to be conducted by the Federal Communications Commission ("FCC").

Three Sisters is the licensee of Class A television stations WTSN-CD and WYYW-CD, Evansville, Indiana. On December 9, 2015, an application was filed with the FCC for consent to a transfer of control of Three Sisters from Dunn to Transferees. The FCC will not have approved the transfer application in time to permit consummation of the transfer prior to January 12, 2016. Therefore, Dunn and Transferees agree as follows:

Dunn and Transferees agree that both wish to cause Three Sisters to relinquish the spectrum occupied by WTSN-CD and WYYW-CD in the FCC's reverse spectrum auction (Auction 1001).

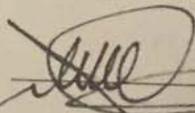

Three Sisters will file an application to participate in the FCC's reverse spectrum auction.

Transferees hereby agree that John M. Dunn, Holly D. Pendleton, and Jacob Pendleton, who are Dunn's designated bidding agents, will all continue as bidding agents and will bid on behalf of Three Sisters in the reverse spectrum auction if the transfer of control is consummated before the auction commences. Three Sisters will use its existing FCC Registration Number ("FRN") and password, which will not change after consummation of the transfer.

Dunn and Transferees acknowledge that the FCC is not liable for their use of any FCC systems or information accessed as a result of a continuation of use of the same FRN and password.

Upon consummation of the transfer of control, Transferees agree to be bound by Dunn's actions, if any, on behalf of Three Sisters in the auction, to the same extent and in the same manner as Transferees would be bound.

John M. Dunn
