Colorado Springs, CO 80919

Dear Mr. Turvaille:

Certificate of Survey:

On August 27, 2013 Woolpert conducted a survey at the KXWA antenna site located on Lookout Mountain. True North was established by GPS observations on two control monuments. Based upon the control survey, observations were made on the antenna and corrected to an azimuth of 130°. Antenna was physically positioned by a staff engineer employed by WAY Media according to the surveyor's instruction.

Sincerely,

Woolpert, Inc.

David Kuxhausen, PLS
