File no.: 0000001342  
Facility Id No.: 187272

Dear Applicant:

We are currently processing the above captioned application. Our preliminary analysis indicates the following:

We are unable to determine tower registration requirements based on the tower heights as filed in the proposal. The tower determination system generates the following error when we attempt to verify with the specifications as entered:

“The Support Structure Height (AGL) cannot be greater than the Overall Structure Height (AGL).”

If you do not amend your application electronically within 30 days from the date of this letter to resolve the above deficiency, we will dismiss your application.

Sincerely

Hossein Hashemzadeh  
Deputy Chief  
Video Division  
Media Bureau
