

EXHIBIT 10 - FILL-IN TRANSLATOR RELATIONSHIP TO PRIMARY STATION

Figure 1: The map above depicts the F(50,50) 60 dBu contour of the proposed fill-in translator (red contour) and a circle with a radius of 25 miles extending from the WQFX 1130 AM (primary station, Facility ID 61306, black contour) tower site. As shown above, there is no point at which the translator's F(50,50) 60 dBu service contour extends the WQFX contour beyond 25 miles.
