

**Amendment to Exhibit 5 – Multiple Ownership Showing**

Citadel Broadcasting Company (“*Citadel*”) hereby amends the pending application for minor modification to the facilities of Station WMGL(FM), FCC Facility ID No. 61592, Ravenel, SC (FCC File No. BPH-20070413AFJ), to request that the Commission process the application under Note 4 to Section 73.3555 of the Commission’s rules, which provides that Section 73.3555(a) will not be applied so as to require divestiture of existing facilities in instances where the application for a minor change to an existing station does not request a change in an FM radio station’s community of license and no new or increased concentration of ownership would be created among commonly owned, operated or controlled media properties.
