

Christendom Educational Corporation

AMENDMENT TO BY-LAWSARTICLE X

These by-laws are hereby amended to reflect, either by addition or clarification, an expressly educational purpose and a commitment to maintain certain characteristics deemed by the Federal Communications Commission to promote localism and diversity in the broadcast, as follows:

Section 1. *Educational Purpose.* This organization will seek authority (the "Permit") to construct a new noncommercial educational FM radio facility (the "Station") via submission of the appropriate application on FCC Form 340 (the "Application"). In the event the Permit is secured, the organization will ensure that the Station offers educational programming to the local community. Specifically, the Station shall offer programming that is evangelical and catechetical in nature, providing instruction in the teachings of Christianity and insight into the Gospels, with fidelity to the teachings of the Magisterium of the Roman Catholic Church.

Section 2. *Localism.* In addition, in the event the Permit is secured, pursuant to the requirements of the Federal Communications Commission set forth at 47 C.F.R. §73.7003(b)(1), the organization will maintain its "established local" presence as claimed in the Application for a period of not less than four years from the date the Station commences operations (the "Commitment Term"). That is, during the Commitment Term, the organization will either (a) maintain its physical headquarters within 25 miles of the reference coordinates for the Station's community of license, or (b) ensure that at least three fourths of its governing board is comprised of individuals whose primary residences are within 25 miles of the Station's community of license.

Section 3. *Diversity.* Finally, in the event the Permit is secured, pursuant to the requirements of the Federal Communications Commission set forth at 47 C.F.R. §73.7003(b)(2), the organization will maintain its "local diversity of ownership" as claimed in the Application throughout the Commitment Term. Specifically, during this period, the organization will not own any other broadcast stations whose principal community or "city-grade" contour (as defined by the Commission's Rules) overlaps that of the Station.

APPROVED this 16 day of October, 2007, in accordance with the organization's By-Laws.

Certification: I certify that the foregoing Amendment of By-Laws was approved and made effective as of the date noted above.
