Re: Radio Vision Cristiana Management (FRN 0005-0749-68)
Station WWRV(AM), New York NY (Fac. ID #54874)
File No. BP-20131104AQW
Request for 60-Day Extension of Time to Amend

Dear Ms. Dortch:

I am writing to you on behalf of my client, Radio Vision Cristiana Management {"Radio Vision"}, licensee of the above-referenced AM station, concerning the need for an amendment to our pending application, in light of a February 26, 2015 letter from Mr. Son Nguyen, Supervisory Engineer of the Audio Division of the Commission's Media Bureau, denying WWRV's request for waiver of Section 73.182(k) of the Commission's Rules. The letter gives WWRV 30 days to file a curative amendment or respond to the letter. For the reasons that follow, Radio Vision respectfully requests 60 days from today to amend our application. An original and two (2) copies of this request are being filed.

The Commission's letter focuses on required nighttime protection to Station WENA(AM), Yauco Puerto Rico, and denies WWRV's waiver request. The letter suggests that WWRV should address all other reasonable alternatives to waiver, and we are doing so. Specifically, Radio Vision's General Manager is contacting WENA's General Manager with technical proposals to eliminate the protection issue. WWRV will need more time to explore this method of resolving the application problem, and respectfully requests 60 more days to file a curative amendment.

Many thanks for your continued understanding and cooperation in this matter. Please direct any communications or inquiries concerning this matter to the undersigned.

Very truly yours,

Jerold L. Jacobs
