

APPLICATION FOR STATION LICENSE
FAMILY WORSHIP CENTER CHURCH, INC.
K219LU FM TRANSLATOR
CH 219D -91.7 MHZ - 0.01 KW
BISHOP, CALIFORNIA
April 2013

TECHNICAL STATEMENT

This Technical Statement was prepared on behalf of Family Worship Center Church, Inc. ("FWCC"), licensee of FM translator station K217EE, Channel 217D, Bishop, California. FWCC has a construction permit to make minor changes in the facility by changing to Channel 219 D (BPFT-20121017AAD). This instant application seeks a license to cover the outstanding permit. The facility will be identified in this application by the new call sign of K219LU. Exhibit A is a calculation of the transmitter power output for K219LU.

There are two special operating conditions/restrictions listed on the K219LU permit. The first condition states that FWCC will reduce the power of K219LU or cease operation to insure persons with access to the site are not exposed to radio frequency radiation levels above the limits. FWCC states that it will, in cooperation with other tower users, reduce the power of K219LU or cease operation, as necessary, to insure that persons having access to the tower will not be exposed to radio frequency electromagnetic fields in excess of the FCC's guidelines.

The second condition states that an application on FCC Form 350 will be submitted prior to commencing program test with the facilities authorized in the underlying permit. This instant application satisfies this condition. Based on the foregoing, it is believed that FWCC has complied with all conditions and can operate K219LU in accordance with Commission's rules.
