**TECHNICAL STATEMENT**

This Technical Statement was prepared on behalf of KSUN Community Radio ("KSUN"), licensee of radio station KDBN, Channel 266A, Parachute, Colorado. KSUN desires to increase the effective radiated power of KDBN under the provisions of §73.1690(c)(7) of the Commission's rules. There are no changes in transmitter site, antenna type, or elevation. The detailed calculation of the transmitter power output for KDBN is attached as Exhibit A. Exhibit B is a spacing study demonstrating there is no spacing shortage at the licensed location. Exhibit C is the Commission's RF worksheet demonstrating compliance with the guidelines for human exposure to radio frequency radiation.

Based on the foregoing, it is believed that KDBN Community Radio is in compliance with the Commission's rules.
