

TECHNICAL STATEMENT
CONCERNING WBSN-FM CONSTRUCTION PERMIT CONDITION 1
PREPARED FOR
RADIO STATION WBSN-FM
NEW ORLEANS, LOUISIANA
CHANNEL 206C3 11 KW 134 M

This Technical Statement was prepared on behalf of WBSN-FM, New Orleans, Louisiana, concerning Condition 1 of its Construction Permit (FCC File No. BMPED-20080206AEJ). Condition 1 states in part: "If the antenna is mounted on an existing tower that is not base-insulated or detuned at the AM frequency, the permittee shall submit a certification to this effect." This condition is in relation to the following stations listed on the WBSN-FM C.P.: WYDL(AM), Facility ID# 60707; and WWWL(AM), Facility ID# 72959.

The applicant hereby certifies that its transmitting antenna is mounted on an existing tower that is NOT base-insulated nor detuned at the AM frequencies of WYDL(AM) and WWWL(AM). Therefore the addition of the WBSN-FM antenna on this tower will have no meaningful effect on the facilities of AM stations WYDL(AM) and WWWL(AM).
