

# **GARY GRAHAM BROADCAST ENGINEERING**

**December 18, 2011  
ENGINEERING STATEMENT  
MINOR MODIFICATION TO MOVE K278BO**

K278BO - MINERAL WELLS, TX  
FAC ID # 153820

This Application is being filed simultaneously with the Application for Assignment of License file number BALFT – 20111209HJG. Licensee is requesting the Commission to GRANT each application as the same time.

K278BO is presently Licensed at ASR # 1224614, Lon: 32 55 14 Lat: 98 04 32. Applicant proposes to move K278BO to a site better cost effective to the operation of the translator. The Proposed Site is Lon: 32 47 35.7 N Lat: 97 53 55.5. The 60 Dbu contour from the Proposed Site offers an overlap of the Licensed 60 Dbu Contour and the 60 Dbu contour from the Proposed Site covers 75% of the City of License, Mineral Wells, TX. This Application complies with Commission Rule 74.1233(a).

The Proposed Site for K278BO does not cause interference to other stations and complies with Commission Rules for radiation exposure safety. The Antenna height AGL is 31 meters and the site is a rural area with no major roads nearby.
