Re: WAPR (FM), Selma, AL
UA-ASU-TSU Educational Radio Corp.
Facility Identification Number: 6125
Special Temporary Authority ("STA")
BESTA-20131210BEE

Dear Mr. Baughn:

This is in reference to your STA extension request filed December 10, 2013, on behalf of UA-ASU-TSU Educational Radio Corp. ("UA-ASU-TSU"). UA-ASU-TSU explains that WAPR must continue operating at reduced power until WAPR's damaged transmission line can be replaced. UA-ASU-TSU requests an extension of the reduced power STA granted July 3, 2013, until this can be accomplished.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Given UA-ASU-TSU's explanation, the STA extension is warranted and IS HEREBY GRANTED. WAPR may continue to operate at reduced power as needed.

UA-ASU-TSU must notify the Commission when licensed operation is restored. UA-ASU-TSU must use whatever means are necessary to protect workers and the public from radiofrequency exposure in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on July 5, 2014.

Sincerely,

A handwritten signature in black ink, appearing to read "Dale Bickel". The signature is fluid and cursive, with the first name "Dale" and last name "Bickel" clearly distinguishable.

Dale Bickel
Senior Engineer
