

**Compliance with International Agreement**

The facility contemplated herein is located approximately 158.1km away from the border between the United States and Canada. As can be seen in Exhibit 23A, at no point does the interfering contour generated by the proposed facility (34dBu F(50,10)) cross into Canadian territory.

Therefore, the proposed facility will cause interference at no point within the boundaries of Canada.

## Exhibit 23A US-Canadian Compliance
