Ms. Marlene H. Dortch, Secretary  
Federal Communications Commission  
445 12<sup>th</sup> Street, SW  
Washington, DC 20554

**ATTENTION:** FM Branch, Mass Media Bureau  
**REFERENCE:** Special Condition #3  
**Facility ID #:** K208EH, Legion, TX , BMPFT-20020312AAR

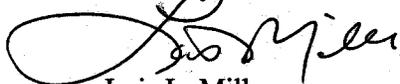

Dear Ms. Dortch:

The outstanding construction permit for K208EH issued April 15, 2002 contains, as condition #3, a requirement for "spurious emissions" as per 47 C.F.R. Sections 73.317(b) through 73.317(d).

The K208EH translator was constructed August 23, 2002 in compliance with all other operating conditions, terms and obligations set forth on the above-referenced construction permit, with the exception of condition #3, spurious emissions. K213DT, Kerrville, TX, which will eventually share the Transmitting Antenna System with K208EH, was not constructed at this time. The Construction Permit for K213DT does not expire until August 20, 2004 and there are no plans at this time for construction. Because K213DT hasn't been constructed, condition #3, spurious emissions cannot be conducted and are not necessary at this time.

Calvary Chapel of Twin Falls, Inc. respectfully requests that the Commission please remove condition #3, a requirement for "spurious emissions" as per 47 C.F.R. Sections 73.317(b) through 73.317(d) from the Construction Permit of K208EH, Legion, TX, BMPFT-20020312AAR, so that the FCC Form 350 for License, filed 8/23/02, can be granted.

Sincerely,

Lois L. Mills

Calvary Chapel of Twin Falls, Inc.
