In re: NEW(FM), Clearmont, WY
Facility ID# 165310
Lovecom, Inc.
BNPH-20060209ADY

Dear Applicant:

This is in reference to: (1) the above-captioned FM Auction No. 63 application, filed on February 9, 2006 for a new Commercial FM facility to serve Clearmont, WY and (2) the April 6, 2006 Informal Objection filed by Legend Communications of Wyoming, LLC ("Legend").

On April 6, 2006, Legend, licensee of KZZS(FM), Story, WY, filed an informal objection stating that the Lovecom application is in violation of 47 C.F.R. § 73.315. Specifically, Legend argues that the method used by Lovecom, the Calculated Signal Mode in the median mode, is inadequate due to the varying terrain between the community of license and the transmitter site proposed.

However, the application was referred to our propagation expert at the Office of Engineering and Technology to perform an independent study. The evaluation confirmed that the application demonstrates compliance with § 73.315(a). Accordingly, Legend's Informal Objection filed on April 6, 2006 will be denied.

In light of the above, the Legend Informal Objection is DENIED. We have examined the Lovecom application and the grant of it is in the public interest. Therefore, Lovecom will be listed in a subsequent Public Notice announcing that the construction permit for the above-listed facility is ready to be granted.

Sincerely,

Rodolfo F. Bonacci
Assistant Chief
