

**MINOR CHANGE APPLICATION**  
**FOUR RIVERS BROADCASTING, INC.**  
**K257CA FM TRANSLATOR STATION**  
**CH 257D - 99.3 MHZ - 0.052 KW**  
**MOUNT SHASTA, CALIFORNIA**  
**June 2003**

**TECHNICAL STATEMENT**

This technical statement and attached exhibits were prepared on behalf of Four Rivers Broadcasting, Inc. ("FRB"), licensee FM translator station K257CA, Channel 257, Mount Shasta, California. FRB herein proposes to make minor changes in the facilities of K257CA by relocating the site, slightly decreasing the effective radiated power and utilizing a directional antenna. No other changes are proposed.

The proposed location for the K257CA antenna is an existing tower which is only 13.7 meters (45.0 feet) tall. As such, the Federal Aviation Administration was not apprised of this proposal. Further, a review of the existing tower indicates that it is not within 8.0 kilometers of any airport and does not require tower registration.<sup>1</sup> All of the exhibits required on FCC Form 349 are attached hereto. All remaining exhibits used to certify the technical portion of the application were forwarded to FRB and are available for submission to the Commission upon request.
