

SCHEDULE A TO LMA

During the Term, Programmer shall pay Licensee the sum of Four Thousand Five Hundred Dollars (\$4,500) per calendar month, each such payment due in arrears within fifteen (15) calendar days after the end of each month during the Term (and any partial period shall be reduced *pro rata*); provided, however, that if the Station's BCF (defined below) for a month does not exceed Four Thousand Five Hundred Dollars (\$4,500), then Programmer shall pay Licensee the lesser of (i) Four Thousand Five Hundred Dollars (\$4,500) or (ii) an amount equal to the Station's BCF for such month.

As used herein, "the Station's BCF" means the Station's revenue, after deducting operating expenses, but before deducting interest, income taxes, corporate expenses, barter, depreciation and amortization, all as reasonably determined by Programmer in the ordinary course of business.
