Directional Antenna Installation Affidavit

Station-WWWW-FM

Frequency- 102.9 MHz

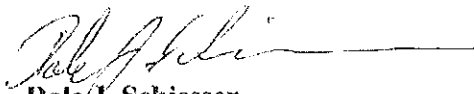

Channel- 275

Directional Antenna-ERI Model MP-4C-DA

Sirs:

On March 1st & 2nd of 2011 I observed and inspected the Directional FM antenna installation for the above listed station and found it to be pursuant with the manufacturer's instructions and installation drawings.

I have over 30 years of broadcast engineering experience and my qualifications are a matter of record before the Federal Communications Commission.
