

The map displays the New York City area with latitude and longitude coordinates. It shows the coverage contours for several radio stations, categorized by color and line style. The legend indicates that green lines represent 70 dBu FM station contours, and pink lines represent 5 mV/m AM station contours. The map includes numerous station call signs, such as WTSX, WJGC, WNY, WDC, and WNY. The map also shows the locations of various towns and cities, including New York City, Westchester County, and Dutchess County. The map is oriented with North at the top, and the axes are labeled with latitude and longitude coordinates.
