

## EXHIBIT 10

### CHANGES IN INTEREST AS A RESULT OF ASSIGNMENT

This application seeks Commission consent to the *pro forma* assignment of the licenses set forth in this application from the licensee, WTTF, Inc., to Citicasters Licenses, Inc. (New).

Jacor Communications Company (“Jacor”) is the direct parent company of WTTF, Inc. and Citicasters Licenses, Inc. (Old) (“Citicasters Old”). For business reasons, Jacor plans to reorganize its ownership structure. The reorganization will be accomplished through three steps. In the first step, Citicasters Old, a direct, wholly-owned subsidiary of Jacor, will create a new, direct, wholly-owned subsidiary (as reflected on Attachment A to this exhibit): Citicasters Licenses, Inc. (“Citicasters New”). In the second step, Citicasters Old will assign its FCC licenses from Citicasters Old to Citicasters New (as reflected in Attachment B to this exhibit). Consent for the *pro forma* assignment contemplated in step two is requested under separate application. Upon completion of the second step, Citicasters Old will change its name from Citicasters Licenses, Inc. to Citicasters Co. In the third step, WTTF, Inc. will assign its assets and FCC licenses, as set forth in this application, from WTTF, Inc. to Citicasters New (as reflected in Attachment C to this exhibit).

WTTF, Inc. and Citicasters New will have the same officers, directors and shareholders. Accordingly, the use of FCC Form 316 is appropriate. Following consummation of this transaction, the officers, directors and shareholders of Citicasters New will remain the same as those set forth in Jacor’s most recent ownership report.

# Step 1

(New Subsidiary is Created)

**Citicasters Old**  
[FCC Licenses]

**Citicasters New**

# Step 2

(FCC licenses assigned to Citicasters New)

Citicasters Old

Citicasters New

[FCC licenses]

# Step 3

(Citicasters Old name change; FCC licenses from other Jacor subsidiaries assigned to Citicasters New)
