In re: W248CH, Belleville, IL
BPFT-20150902AEC
Facility ID # 144050

Dear Applicant:

This refers to: (1) the above-captioned application for W248CH, Belleville, Illinois.

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to Kwap-LP, Florissant, MO (BNPL-2031113AUX). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 54 dBu interference contour overlaps with the 60 dBu protected contour of Kwap-LP. This violation was not addressed.

In light of the above, the application BPFT-20150902AEC is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw
Deputy Chief
Audio Division
