

**AGREEMENT TO UNDERTAKE COORDINATED
FACILITY MODIFICATIONS PURSUANT TO 47 C.F.R. § 73.3517**

Guaranty Broadcasting Corporation is the ultimate parent of Guaranty Broadcasting Company of Baton Rouge, LLC, licensee of WJNH(FM) [formerly WTGE(FM)], Baker, Louisiana (Facility ID # 4490); Guaranty Broadcasting Company of Houma, LLC, licensee of KCIL(FM), Houma, Louisiana (Facility ID # 25520); and Guaranty Broadcasting Company of New Orleans, LLC, licensee of WHMD(FM), Hammond, Louisiana (Facility ID # 680). The licensee of each of the above-referenced stations has agreed that it is desirable to undertake coordinated facility modifications. Applications on FCC Form 301 for the minor modification of each station are therefore being filed concurrently on this date as part of a contingent application group pursuant to Section 73.3517(e) of the Commission's rules. *See* 47 C.F.R. § 73.3517(e) (2000). Specifically, the applications seek authorization for: (1) WJNH(FM) to relocate to a new tower site; (2) KCIL(FM) to downgrade from a Class C1 to Class C2 station; and (3) WHMD(FM) to relocate to a new tower site. The grant of the WJNH(FM) application is contingent upon the grant of the KCIL(FM) and WHMD(FM) applications. Grants of the KCIL(FM) and WHMD(FM) applications, however, are not contingent upon the grant of any other application in the group. Nevertheless, we respectfully request that all three applications in this contingent application group be processed and approved simultaneously.
