In re: K228XM, Corpus Christi, TX
BPFT-20180226AAD
Facility ID No. 141432

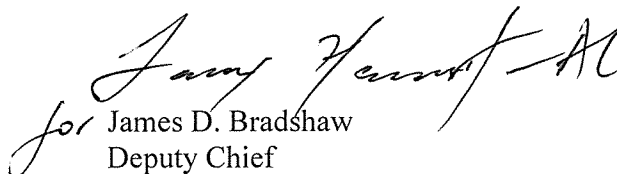

Dear Applicant:

This letter refers to the above-captioned minor change application for K228XM, Corpus Christi, TX.

An engineering study of the application reveals that it is in violation of 47 C.F.R. § 74.1204(a) with respect to first-adjacent LPFM station KNPI-LP (BLL-20170203ADH), Padre Island, TX. Section 74.1204(a) states that an application for an FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. Specifically, the proposed interfering contour (54 dBμ) will cause prohibited overlap to the protected contour (60 dBμ) of KNPI-LP.¹ Accordingly, the application will be dismissed.

In light of the above, the application BPFT-20180226AAD filed by Lisa Lopez, is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

for James D. Bradshaw
Deputy Chief
Audio Division
Media Bureau

cc: Michael Celenza

¹ The application increases the overlap area with respect to KNPI-LP.
