

TALK 940  
WCSW

August 13, 2009

To whom it may concern:

Horizon Christian Fellowship has permission to retransmit WGMO, Spooner, WI over W234BG, Chetek, WI. Horizon has my consent to propose fill-in operation. I understand that the FM translator facility is proposed on a third-adjacent-channel to WGMO. While no interference is expected, I understand that contour overlap for a fill-in translator is permitted under the provisions of 74.1204(e). I concur and approve of this operation.

Sincerely,

Mike Oberg  
President
