Re: Townsquare License, LLC (Townsquare)
WADB(AM), Asbury Park, NJ
Facility Identification Number: 14895
Special Temporary Authorization (STA)
BESTA-20230131AAB

Dear Mr. Stabbert:

This is in reference to the request filed on January 31, 2023. Townsquare requests a further extension of the STA originally granted on November 12, 2013, as modified to continue operation with an ND antenna to allow time to complete all remaining repairs/modifications and then file the required FCC Form 302 application to update all operating parameters.¹ In support of the request, Townsquare stated that additional time will be needed to complete repairs to the detuning system of a nearby tower and allow T-Mobile to install a new antenna on that same tower (before the FCC Form 302 application can be prepared and filed with the AudioFilings team).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete, and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

¹ WADB(AM) is licensed for DA operation on 1310 kHz with 2.5 kW day and 1 kW night using different patterns.

Accordingly, the request for extension of STA IS HEREBY GRANTED, and Townsquare may continue to operate ND using tower #1 (ARSN 1224828) with a maximum of 0.625 kW daytime and 0.25 kW nighttime. Townsquare must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **August 6, 2023**.

Sincerely,
