Facility Identification Number: 18038  
File Number: BZ-20141222AFZ

Dear Mr. Eads:

This is in reference to the above-captioned application for direct measurement of power.

A preliminary study of the application reveals that coordinates (44° 34' 25" N; 122° 55' 05" W) specified in the FCC Form 302 is different from the KSHO's licensed coordinates (44° 34' 30" N, 122° 55' 15" W). Pursuant to Section 73.3538 of the Commission's rules, KSHO must file a minor change application (FCC Form 301) to correct the coordinates.

Further action on the subject application will be withheld for a period of thirty (30) days from the date of this letter to provide an opportunity to file the FCC 301 application. Failure to respond within this time period will result in the dismissal of the application pursuant to Section 73.3568.

Sincerely,

Son Nguyen
