Re: RFPJY, LLC (RFP)  
WGIV(AM), Pineville, NC  
Facility Identification Number: 22027  
Special Temporary Authority (STA)  
BESTA-20200420AAL

Dear Mr. Neely:

This is in reference to the request filed on April 20, 2020. RFP requests a further extension of the STA granted on April 20, 2018, as last modified, to continue operating using a long wire antenna pending further action on BP-20190906AAU due to loss of the licensed site.<sup>1</sup> In support of the request, we noted that the application remains on hold to allow time to amend.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and RFP may continue to operate with the following facilities:

Geographic coordinates	35° 11' 56" N, 80° 52' 36" W (NAD 1927)
Frequency	1370 kHz
Hours of operation	day and night
Operating power	0.025 kW
Antenna type	110 foot vertical long-wire antenna

---

<sup>1</sup> WGIV(AM) is licensed for ND operation on 1370 kHz with 16 kW day, and 0.045 kW night, and BP-20190906AAU proposes

RFP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **November 6, 2020**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" and last name "Szczesny" clearly legible.

Joseph Szczesny, Engineer
