Notification of Suspension of Operation and Request for Special Temporary Authorization

TV Translator Station W67AR, Willsboro, NY
Facility ID: 44028 / FRN: 0003459989

Pursuant to Sections 74.763(b) and 73.1635 of the FCC's Rules, Mountain Lake Public Telecommunications Council ("MLPTC"), licensee of TV translator station W67AR, Willsboro, New York, hereby notifies the Commission of the Station's temporary suspension of operations and requests Special Temporary Authorization ("STA") to maintain the off-air status for more than thirty (30) days.

Translator station W67AR was forced off the air on April 18, 2007 following severe damage to the transmitter tower of co-licensed noncommercial educational station WCFE-TV, which the translator re-broadcasts. Station WCFE-TV's approximately 400 foot tower collapsed completely, partially damaging the transmitter building at its base, and the structure may not be salvageable. As a result, the WCFE-TV/DT broadcast facility is currently off-air. MLPTC has already notified the FCC of WCFE-TV/DT's off-air status, and the Commission has granted Silent STAs for those facilities (FCC File Nos. BLSTA-20070426ADQ and BLSTA-20070426ADR). Due to WCFE-TV's temporary silent status, TV translator W67AR, which picks up and rebroadcasts WCFE-TV, is also now silent. MLPTC regrets the brief delay in the filing of this notice and STA application for W67AR, and respectfully requests the Commission's indulgence for its timing given the current circumstances of its extreme system-wide facility problems.

MLPTC will be unable to return translator station W67AR to service until it is able to restore over-the-air service for WCFE-TV or WCFE-DT. Accordingly, MLPTC also requests STA at this time for the continued silent status of W67AR, in connection with the previous filings for the full service WCFE facilities. MLPTC respectfully submits that grant of an STA will serve the public interest by allowing it time to respond to the circumstances beyond its control which have damaged the WCFE-TV/DT transmission facilities, forcing the parent and translator stations off-air, and to restore its noncommercial educational broadcasting services to the local communities.

MLPTC is a noncommercial educational licensee and operates W67AR on a noncommercial educational basis. This request is therefore exempt from FCC filing fee requirements, pursuant to Section 1.1114 of the Commission's Rules, and the facility is exempt from FCC regulatory fees, pursuant to Section 1.1162 of the Rules. This request is also exempt from the Anti-Drug Abuse Act certification requirements pursuant to Section 1.2002(c) of the Rules.
