Re: Multimedeos Radio Ola
K254AZ(FX), Alice, Texas
Facility Identification Number: 154842
Special Temporary Authority

Dear Counsel:

This is in reference to the request filed December 7, 2010, on behalf of Multimedeos Radio Ola ("MRO"). MRO requests extension of the special temporary authority ("STA") granted on June 8, 2010, to operate FM Translator K254AZ with temporary facilities.¹ In support of the request, MRO states that the licensed site has been lost and that the licensee has not yet been able to obtain a new site.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Our review indicates that the licensee has been prevented from restoring licensed operation due to causes beyond its control and has taken all possible steps to expeditiously resolve the problem. Thus, extension of STA is warranted.

Accordingly, the request for extension of STA IS HEREBY GRANTED. Station K254AZ may continue to operate with the following facilities:

¹ K254AZ is licensed for operation on Channel 254D (98.7 MHz) with effective radiated power of 0.1 kilowatt (H&V) and antenna height above ground of 94 meters.

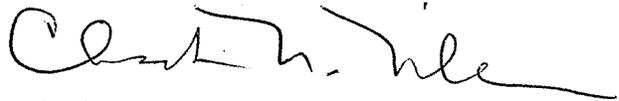

Geographic coordinates: 27° 45' 10" N, 98° 08' 21" W (NAD 1927)
Channel 254 (98.7 MHz)
Effective radiated power: 0.1 kilowatt (H&V)
Antenna height:
 above ground: 100 meters
 above mean sea level: 175 meters

MRO must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **July 11, 2011**.

Notwithstanding the grant of this STA or the expiration date specified herein, the station's license will expire as a matter of law upon twelve consecutive months of silence. *See* Pub. Law No. 104-104, 110 Stat. 56, Section 403(1) (1996) and *Order, Silent Station Authorizations*, FCC 96-218 (released May 17, 1996). *See also Public Notice, Expedited Processing of Applications Filed by Silent Stations*, DA 96-818 (May 22, 1996). The licensee must notify the Audio Division immediately upon resumption of broadcasting.

Sincerely,

Charles N. Miller, Engineer
Audio Division
Media Bureau
