

Ownership Study

This ownership study is provided as an analysis of the aural broadcast market formed by the amendment of the Stuart, OK 228A application to 228C3, facility I.D. 183382.

The Stuart facility is not located within an Arbitron Metro area. Consequently, the permitted common ownership is determined using the contour overlap methodology. The attached exhibits are calculated with the city grade contours, 3.16 mV/m (70 dBu) (FM) and 5 mV/m (AM), of all stations intersecting any of the mutually overlapping stations, and exclude any stations with a transmitter site greater than 92 km from any part of the mutually overlapping area of the defined market, as well as any commonly owned facilities to be considered for the market total.

Exhibit E-1 shows a reference plot of all the facilities that are commonly owned with the Stuart 228C3.AP facility, or have an attributable ownership interest including other pending applications as amended:

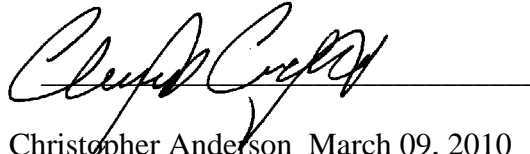

Kiowa, OK	New 254C3.AP
Clayton, OK	New 262C3.AP
Haileyville, OK	New 290A.AP
Stuart, OK	New 228C3.AP
KEOK(FM) 271A	Tahlequah, OK
KITX(FM) 238C2	Hugo, OK
KNNU(FM) 222C2	Antlers, OK
KTFX(FM) 269C3	Warner, OK
KTLQ(AM) 1350 kHz	Tahlequah, OK
KTNT(FM) 273C3	Eufaula, OK

The Stuart modification creates a single market, which is plotted and listed in exhibits E-2 and E-3, respectively and contains a reference of two FM stations with a total of at least eight stations in the defined market.

Anderson Associates

Broadcast Consultants
1519 Euclid Avenue
Bowling Green, KY 42103

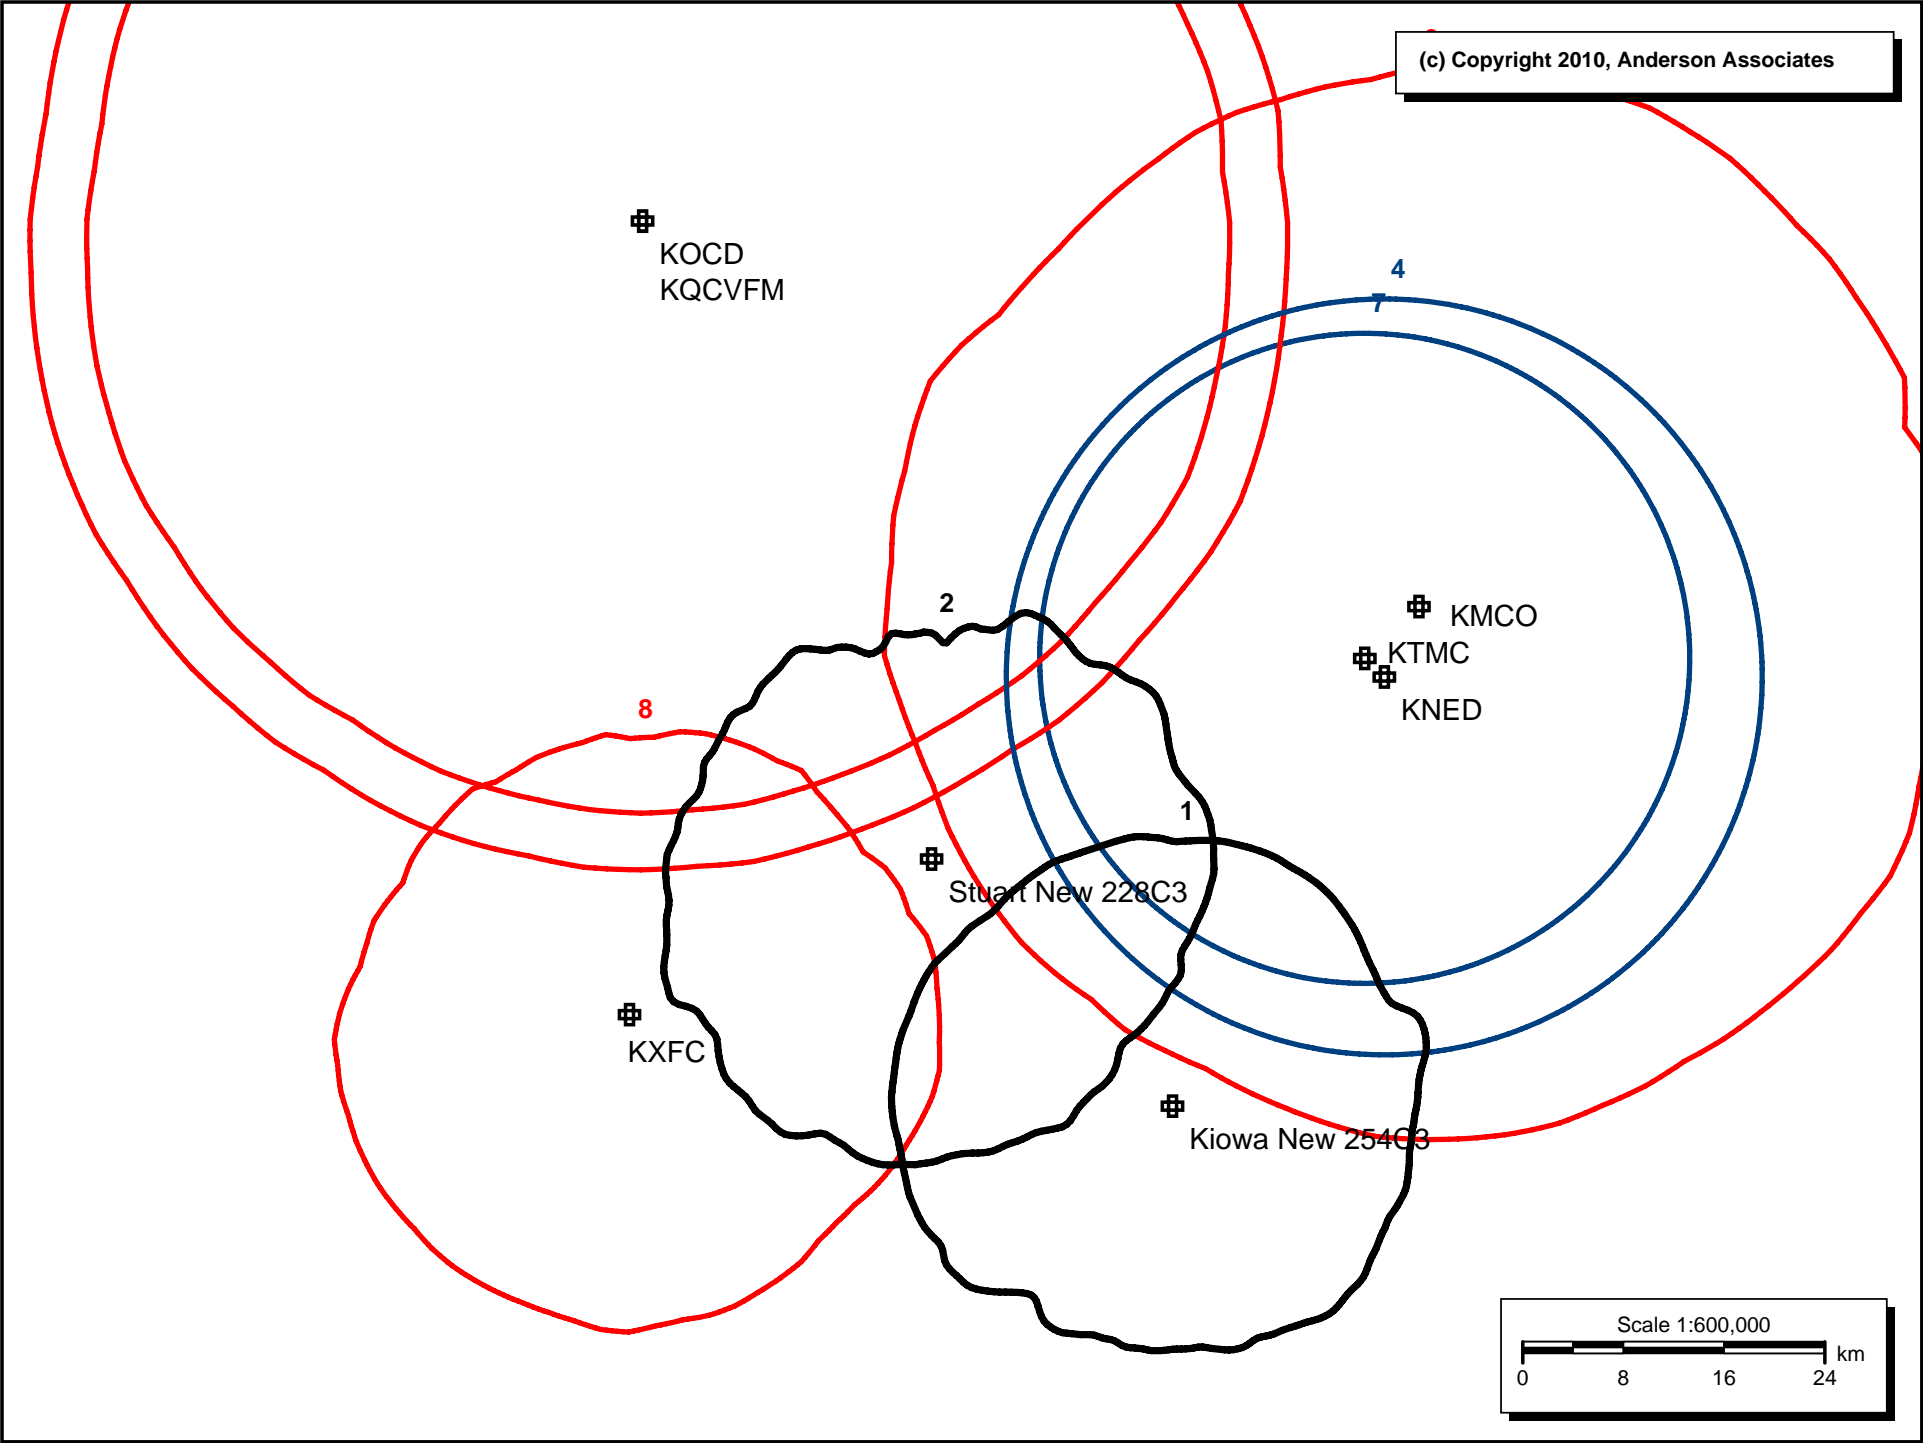

In accordance with CFR §73.3555(a)(1)(iv), the common ownership of the defined market is permissible.

A handwritten signature in black ink, appearing to read 'Christopher Anderson', is written over a horizontal line.
