

TECHNICAL STATEMENT
RADIO MULTIPLE OWNERSHIP ANALYSIS
CITICASTERS LICENSES, L.P.

This statement and the attached figures were prepared on behalf of Citicasters Licenses, L.P. ("CLLP"), a licensee subsidiary of Clear Channel Communications, Inc. ("CCC"). CLLP proposes to modify the facilities of KYYY(FM), Bismarck, ND. A multiple ownership analysis was prepared considering the following radio stations under present or proposed common ownership, time brokerage or joint sales.¹

Since certain of these stations have overlapping principal community contours (5 mV/m for AM stations, 3.16 mV/m for FM stations), or are located in, or home to, the same Arbitron Metro Markets, an ownership study has been prepared in accordance with the Federal Communications Commission's local radio ownership rule.³

CCC does not have an attributable interest in any other station with a principal community contour that overlaps or intersects the principal community contour of KYYY(FM) as proposed, or which is located in the same Arbitron Metro⁴ as KYYY(FM)). The community of license of KYYY(FM) is located within the Bismarck, ND Arbitron Metro, and KYYY(FM) is reported by BIA as being "Home" to that Metro only. Contour overlap of the station to be

modified also occurs with commonly-owned stations whose communities of license are located in the Bismarck, ND Arbitron Metro market.

Arbitron Market Study

KYYY(FM) is reported by BIA as being "Home" to the Bismarck, ND Arbitron Metro. This proposal is in compliance with the local radio ownership rules for that Arbitron Metro, as evidenced by Table 2 below:

Interim Contour-Overlap Analysis

Because the principal community of the station to be modified, and the communities of all commonly-owned or attributable stations with overlapping principal contours with the station to be modified, are located inside an Arbitron Metro, an interim contour-overlap analysis is not required.

Conclusions

In the Arbitron Radio Market studied herein, there are at least 17 radio stations, including the subject commonly-owned 3-AM / 3-FM stations, which are home to the Bismarck, ND Metro. This proposal does not affect the existing number of commonly-owned stations in the subject BIA Metro.

Based on the above, it is concluded that the proposed modification complies with Section 73.3555(a) of the FCC Rules.
