

# THIRD COAST BROADCASTING

## Exhibit #1 Amendment Details

This amendment seeks to change item #1, section III to "Channel 25", to correct a data entry error. In the process of filling in a pre-filled form, in an intermediary step, the form was verified and further data entry was made, but erroneously not re-verified. Although the review of the data on the screen appeared correct, the final filing reflected an earlier version of the form. No other changes are proposed to this application.
