continue to operate ND using a maximum of 0.75 kW (day) and 0.17 kW (night) as authorized by the construction permit. SC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. SC must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **June 29, 2021**.
