EXHIBIT 12 (cont.)

Western Broadcasting, LS, LLC, an indirect subsidiary of Simmons Media Group, Inc. ("SMGI") and the assignee in this application, has filed assignment applications seeking authority to acquire the licenses for radio stations KFTZ(FM) (Facility ID No. 18116) and KPLV(FM), Idaho Falls, Idaho (Facility ID No. 33447). (FCC file numbers have not yet been assigned.) SMGI has also filed a transfer of control application seeking authority to acquire the licensee of KLCE(FM), Blackfoot, Idaho (Facility ID No. 71772), and its FM Translator K249CM, Pocatello, Idaho (Facility ID No. 71781), KCVI(FM), Blackfoot, Idaho (Facility ID No. 71785) and its FM Translator K266AF, Pocatello, Idaho (Facility ID No. 71784), KECN(AM) (Facility ID No. 71780) and KBLI(AM), Blackfoot, Idaho (Facility ID No. 87152), and KICN(AM) (Facility ID No. 71775). (FCC file numbers have not yet been assigned.) SMGI has also entered into a pre-closing time brokerage agreement for these Idaho stations.

SMGI currently brokers more than 15% of the broadcast time on radio station KZHK(FM), St. George, Utah (Facility Id. No. 40519). SMGI previously had filed assignment applications seeking authority to acquire the licenses for radio stations KTSP(AM), St. George, Utah (Facility ID No. 12325), and KEOT(FM), St. George, Utah (Facility ID No. 18140) (*see* FCC File Nos. BAL-19980507ED and BALH-19980507EE), and had been brokering time on those two stations. SMGI has now assigned its rights to the acquisition and brokerage of KTSP(AM) and KEOT(FM) to a third party in which SMGI will hold a non-voting and non-attributable stock interest, and the third party has undertaken SMGI's rights and obligations under the time brokerage agreement. The assignment applications for KTSP(AM) and KEOT(FM) will be amended shortly to report that assignment of rights. SMGI has also entered into a pre-closing time brokerage agreement for KUNF(AM) and KREC(FM), the stations that are the subject of the instant application.
