KRLS(FM), Knoxville, IA
M and H Broadcasting, Inc.
Facility ID No.: 39462
BPH-20131025ADT

Dear Licensee:

In accordance with procedures adopted by the Commission, this letter constitutes notification to Cumulus Licensing, LLC ("Cumulus") of the filing of a minor change construction permit application (BPH-20131025ADT) by M and H Broadcasting, Inc. ("M & H"), licensee of station KRLS(FM), Knoxville, IA. M & H's application requested that Cumulus' license and assignment be modified to specify Class C0 in lieu of Class C in accordance with the procedures set forth in Note 4 of 47 C.F.R. Section 73.3573.

The staff has tentatively concluded that M & H's application meets the requirements of Section 73.3573, Note 4 and is otherwise acceptable for filing.² Accordingly, IT IS ORDERED, that pursuant to Section 316(a) of the Communications Act of 1934, as amended, 47 U.S.C. Section 316(a), and pursuant to Section 1.87 of the Commission's Rules, Cumulus Licensing, LLC Cumulus SHALL SHOW CAUSE why its license SHOULD NOT BE MODIFIED, to specify Class C0 in lieu of Class C.

² In order to be considered in compliance with Note 4, the triggering application must: 1) be short-spaced to the Class C station, but be fully spaced if it were a Class C0; 2) include a certification that no alternative channel is available at the proposed location without any other changes to the table of allotments; and 3) be served on the licensee of the affected Class C station.

Cumulus may, not later than 30 days from the date of this letter, file a written statement to express its intention to seek authority to modify Station KKHQ-FM's technical facilities to attain minimum Class C HAAT; or, alternatively, as provided for by Note 4 cited above, otherwise challenge the triggering application. If no such intention is expressed and the triggering application is not challenged, KKHQ-FM will be reclassified as a Class C0 station, and processing of the triggering application will be completed.

If Cumulus chooses to seek authority to modify the KKHQ-FM facilities, an acceptable application for a construction permit to increase the antenna height to at least 451 meters HAAT must be on file with the Commission 180 days subsequent to the show cause response due date. Failure to file a construction permit application within this time period will result in the automatic downgrade of KKHQ-FM's licensed facilities.¹ Furthermore, Cumulus must serve M&H with copies of any FAA submissions related to its efforts to modify the KKHQ-FM facility.

Further action on the subject application will be withheld for thirty days from the date of this letter to provide an opportunity to reply. Failure to respond to this letter will result in the automatic downgrade of Cumulus' license pursuant to Note 4 of Section 73.3573 of the Commission's rules. Please note that responses must be submitted to the Secretary of the Commission in triplicate and must be served on all parties.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rodolfo F. Bonacci".

Rodolfo F. Bonacci
Assistant Chief
Audio Division
Media Bureau

cc: Mark N. Lipp, Esq.
David Oxenford, Esq.

¹ Failure to build pursuant to the subsequently authorized construction permit will also result in the automatic downgrade of KKHQ-FM's licensed facilities.
