**MBC BROADCASTING COMPANY, INCORPORATED**  
**GRAND JUNCTION, COLORADO**  
**APPLICATION FOR A CONSTRUCTION PERMIT FOR**  
**A DIGITAL FLASH CUT FOR K25FZ ON CHANNEL 25**  
**FOR GRAND JUNCTION, CO**

**EXHIBIT 11**

**FACILITIES REQUESTED**

MBC GRAND BROADCASTING INCORPORATED (“MBC GRAND”), is filing this application to request authority to construct a digital flash cut for K25FZ on Channel 25 for Grand Junction, Colorado, with an effective radiated power of 15.0 kW (DA) (H).

This office, with assistance from Techware, Inc., has completed a Longley-Rice analysis of the proposed digital operation on TV Channel 25 with an ERP of 15.0 kW directional, a “Stringent” channel filter per 74.794, and that study shows that no prohibited interference will occur to any other authorized or pending full service and LPTV analog or digital station as required by 74.792 and 74.793. The results of the Longley-Rice Study is attached hereto. The proposed facilities on Channel 25 at 15.0 kW DA provide 41 dBu F(50,90) or better coverage over Grand Junction, CO.

## **CONCLUSIONS**

By using the FCC recognized Longley-Rice terrain model and receiver antenna directivity, we have shown that the instant proposal for DTV operation on CH 25 meets the requirements for a DTV LPTV station and we believe that this proposal for DTV LPTV operation on Channel 25 should be GRANTED.
