Re: Genesee Media Corporation (GMC)
WRSB(AM), Brockport, NY
Facility Identification Number: 15767
Special Temporary Authority (STA)
BESTA-20190412AAW

Dear Mr. McGlynn:

This is in reference to the request filed on April 12, 2019. GMC requests an extension of the STA granted on May 12, 2017, to continue operating with parameters at variance to allow time to file an FCC Form 301 application to make permanent changes to the existing facility.¹ In support of the request, GMC stated that it plans to file the application within the next 30 days (since no longer planning on simply making repairs and resuming licensed operations).

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

We note that the previous STA expired on June 22, 2018, therefore the authority granted herein will not cover the period between the expiration date and the filing of the instant request, and is without prejudice as to whatever action the Commission may take with respect to operation during

¹ WRSB(AM) is licensed for DA operation on 1590 kHz with 1 kW day and night, using different patterns.

that time period.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and GMC may continue to operate with parameters at variance from licensed values and/or reduced power while maintaining monitor points within license limits. GMC must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commissions exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on **October 28, 2019**.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized loop on the left and a series of smaller, connected loops on the right, ending in a long horizontal stroke.
