

**EXHIBIT 14 – MULTIPLE OWNERSHIP**

This exhibit and the attached engineering statement demonstrate the compliance of the proposed assignment of Station KCSX(FM), Lees' Summit, Missouri, Facility ID No. 4933, with Section 73.3555(a) of the rules of the Federal Communications Commission, which governs common ownership of multiple radio stations serving the same market. The proposed assignment will result in one entity, Union Broadcasting, Inc., holding an attributable interest in two AM stations and one FM station in the same market. As demonstrated in the attached engineering statement, this market contains in excess of thirty radio stations. Thus, the common ownership that would result from the proposed assignment complies with Section 73.3555(a)(1)(ii) of the Commission's rules, which permits a party to own, operate, or control up to seven commercial radio stations, not more than four of which are in the same service, in a market of this size.
