**RE: Reference No. 1800B3-VM**  
**Response to Notification License Expiration Issued Sept. 14, 2020**  
**Rainbow Heights Community Association and Crime Watch, license of**  
**WURK-LP, Tampa, Florida (FIN: 197046)**

Dear Ms. McCauley:

Rainbow Heights Community Association and Crime Watch (“Licensee”), license of WURK-LP, Tampa, Florida (Facility Identification Number 197046) (“Station”), through counsel, hereby submits its response (“Response”) to the Audio Division’s Notification of License Expiration (“Notice”) issued on September 14, 2020 in the above-referenced matter.

The Notice asks the Licensee if Commission “records incorrectly reflect the operational status of the station and that, in fact, the [S]tation returned to the air with authorized facilities at some time between August 7, 2019, and 12:01 a.m., August 8, 2020.”

*The Licensee responds: YES. The records incorrectly reflect the Station’s status on the dates in question.*

As stated in an FCC application for a license to cover an active construction permit, in FCC File No. 0000123714 (“Application”), the Station returned to air with permanent facilities well before the August 8 expiration of its license pursuant to 47 U.S.C. Sec. 312(g). A copy of this Application, with attachments, is submitted herewith as Exhibit 1, together with the resulting license to cover. These items provide the location, effective radiated power, and antenna height above ground level information requested in the Notice.

In addition, the Licensee attaches the following documentation as Exhibit 2, in response to other evidentiary requests in the Notice at n. 2:

- Declaration in lieu or affidavit executed by the secretary of the Station's licensee, who also serves as the Station's General Manager.
- Photograph of permanent antenna structure
- Evidence of landlord authorization for Station to occupy site

As a wholly volunteer-run nonprofit, the Licensee has no personnel records to provide because it has no employees.

As the Licensee explained in the now granted Application, difficulties arising from the COVID-19 pandemic caused it to late file for the License, and likely caused issuance of the Letter.

Kindly contact the undersigned with any follow-up.<sup>1</sup>

An additional copy of this letter is also enclosed, marked, "Kindly Date Stamp and Return." Please do so and return it in the enclosed self-addressed stamped envelope.

Thanks for your kind consideration.

Sincerely,

Michael W. Richards

*Counsel to Rainbow Heights Community Association and Crime Watch, Inc.*

## WAIVER REQUEST

WURK-LP began operating under program test authority<sup>1</sup> before noon on Friday June 20, 2020 complying with authorized power and antenna height.

WURK-LP's prior license application<sup>2</sup> was dismissed upon the conclusion that the antenna structure was not permanent. A lightweight antenna was substituted for the heavy two-bay ring stub to meet permanency requirements.

The licensee recognizes that this license to cover application is late-filed. As a result, the licensee requests a waiver of requirements that it file its license to cover application within ten days of commencing broadcasts pursuant to program test authority.<sup>3</sup>

The Commission may grant a waiver "if good cause therefor is shown,"<sup>4</sup> The licensee hereby seeks waiver of the 10-day filing requirement (to the extent necessary, on a *nunc pro tunc* basis).

Good cause arises from the effects of the nation's current COVID-19 pandemic on the grassroots organization holding the authorization for this station. The household of the main organizer of the community group's LPFM efforts was hit by the Corona virus during the period for timely filing. The case was severe and repercussions long-lasting. The organizational membership, in which at-risk senior citizens predominate, was unable to provide back-up to the organizer and his family due to the extreme infection risks within this cohort.

The Commission has consistently provided relief as a result of the "significant financial stress"<sup>5</sup> the pandemic has created for the radio industry. While such relief is mainly most often provided to commercial stations suffering from pandemic-induced revenue loss, the licensee of WURK-LP, depending more on individual commitments of personal time and attention than underwriting or advertising revenue, is similarly situated<sup>6</sup> in how its asset base has been severely curtailed by COVID-19. It suffers from a pandemic-caused inability to tap volunteer, people-powered resources, no less than commercial stations do when advertising dries up due to COVID. The license, therefore, provides good cause for the waiver requested herein.

The attached declaration of Dedrick Jackson, the secretary of Rainbow Heights Neighborhood Association and Crime Watch, Inc., provides documentation described in the Media Bureau's pandemic waiver public notice in DA 20-1059 to meet the stated waiver standards pursuant to *WAIT Radio v. FCC*.

## DECLARATION OF DEDRICK JACKSON

1. My name is Dedrick Jackson.
2. I am the founder and general manager of WURK-LP and secretary of Rainbow Heights Neighborhood Association and Crime Watch, Inc. ("Licensee")
3. My wife became ill with COVID-19 on or around June 6th,, 2020. As her condition worsened, I was unable to focus on the work needed, including the license application required to cover the WURK-LP construction permit in a timely manner.
4. I was required to protect other people, including the numerous senior citizens who are members of the Licensee who are particularly at risk from COVID.
5. As a result of this need to maintain distance from others, to provide care for my infected wife, and the limited radio knowledge of the Licensee's general membership that, when combined with age and vulnerability to COVID, I was unable to arrange timely filing of the station's license to cover after service resumption on June 19, 2020.

**Pursuant to 47 C.F.R. Section 1.16, I declare under penalty of perjury under laws of the United States of America that the foregoing is true and correct to the best of my knowledge and belief. Executed on Sept. 30, 2020.**

**Obstruction Marking and Lighting Specifications for Antenna Structure**

It is expressly understood that the issuance of these specifications is in no way to be considered as precluding additional or modified marking or lighting as may hereafter be required under the provisions of Section 303 (q) of the Communications Act of 1934, as amended.

**Special Operating Conditions or Restrictions**

The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.

- Grant of this license application is conditioned upon the continuous operation of the licensed facility for the twelve-month period following grant, including specifically: (a) operation of the station in accordance with the station's FCC authorization with (i) an antenna mounted on a pole, tower, or other structure that is attached to a durable, non-movable structure, (ii) the antenna connected to a permanent power source, and (iii) if located on public property, advance approval by a written governmental authorization; and (b) operation of the station each day in accordance with the FCC's rules for minimum operating schedule (47 C.F.R. § 73.1740(a) for FM stations, 47 C.F.R. § 73.561(a) for NCE-FM stations and 47 C.F.R. § 73.850(b) for LPFM stations) without recourse to the procedures set out in 47 C.F.R. §§ 73.1740(a)(4), 73.561(d), and 73.850(d). The failure of the station to operate in compliance with any of the foregoing requirements will result in the rescission of this grant, dismissal of the license application and the forfeiture of the associated construction permit pursuant to 47 C.F.R. § 73.3598(e) unless the licensee rebuts the resulting presumption that the authorized facilities were temporarily constructed. Evidence of non-temporary construction could include, but is not limited to, station logs, utility bills, lease documents, photographs of the installed antenna/transmitter/studio equipment, and other relevant documentation.
- This license is effective pursuant to 47 U.S.C. Section 307(c)(3).

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.
